

Tellus Calendar Specifications

Thursday, August 22, 2013 11:17 AM

Moved to [RPD:10126928](#) and [RPD:10126950](#)

1. Time slot disallowed:
 - a. Mon-F: -6:30am
 - b. Sat 7-6:30am
 - c. Sun 9:00am-6:30am
2. Allow run now during day
3. Check Max #VMs
4. Filled slot give option to choose new time (max VM reached)
5. Future: Justifier online time allow only Mon-Thu (need Justifier work).
6. Similar for Atlas.
7. Consistent style between Monthly and Weekly/Daily views (same border and division styles).
8. In Week and Day views, make the column header fixed on top of window, so that it does not scroll off the view
9. Help info

Permissions and Filter

1. Event creator ID (needs Web server authentication)
2. Access permission control - not in version 1
3. Filter (justifier QA team) - Chris Warner
4. Reader: access all
5. Writer: limited access
 - a. Only QA leads
 - b. But someone in same group can write (in case on vacation)

Backend

1. Check capacity (rules engine)
2. Migrate Email Recipients to DB/company web service
