Hi all,

As discussed in the meeting, the following will be the major concepts and their descriptions, for the Facilitator skill workshop-

- Structuring a training session- Designing, planning and structuring of the training program. Defining the outcomes, structuring the activities and planning the assessments.
- Adult Learning (know your audience)-Dealing with Difficult participants, Practical implementation, Dealing with Adults as Learners(Malcolm Knowels' Theory)
- Presentation Skills/Practice presentation-Understanding the content, 3Ps,
- Effective usage of training Aids-Different questioning techniques, Audio/Video aids, Role-plays during training, Assessments,
- Facilitation Skills-planning Before, after & during training, Listening Skills, Observation skills, Body language

This would be the structure of 3 full day training program and

I am afraid we will not be able to share the training deck, as that would be proprietary and not meant for circulation.

Please do let me know, if you have any further questions to the details enclosed.

Basis your response we shall go about finalizing the dates for the program.

Thanks
Jyothy
